

# Be Wheel Wise!

Safety tips for navigating campus and the city when walking, wheeling, or driving

October 2024

# Riding or walking

## Please take care!

**Ride outside only, never indoors.**

**Slow that ride, and use bike lanes.**

**Heads up, walkers, and use sidewalks.**

**Park outside or in your room, never in a common area.**

**Follow required safety precautions when charging!**

**Be Wheel  
Wise**  **MIT  
guidelines**

\*Personal Wheels are any personal transportation devices, with or without a motor, except medical devices designed to assist mobility.

**MIT** Massachusetts  
Institute of  
Technology

# Got Wheels ?

# Think before you park.

**Park at a bike rack.**

**Park in your dorm room  
or office.**

**Don't attach to railings,  
light posts, or trees.**

**Don't park in hallways, classrooms,  
stairwells, or any common space.**

**Be Wheel  
Wise**  **MIT  
guidelines**

# Powering up those wheels

## Practice safe charging! Reduce the risk of fire.

Take care of yourself and your community.

**Remove flammable** or combustible materials from charging area.

**Monitor while charging** and do not charge overnight.

**Disconnect when fully charged** to avoid overcharging.

**Use only UL-certified equipment** and keep it out of direct sunlight.

**No extension cords** while charging.

**Be Wheel  
Wise**  **MIT  
guidelines**
