

# **Reinventing Reimbursements**

## **Leveraging Atlas and B2P for the Request for Payment (RFP) Process**

Office of the Vice President for Finance

---

Kathy McGrath – Director, Financial Operations

Todd Sowa – Project Manager, Financial Operations

Cindy Vye – Consulting Business Systems Analyst

Kevin Lyons – Project Manager, Information Systems & Technology

Joanie Edmonds – Senior Manager, Accounts Payable

# Pain Points Addressed

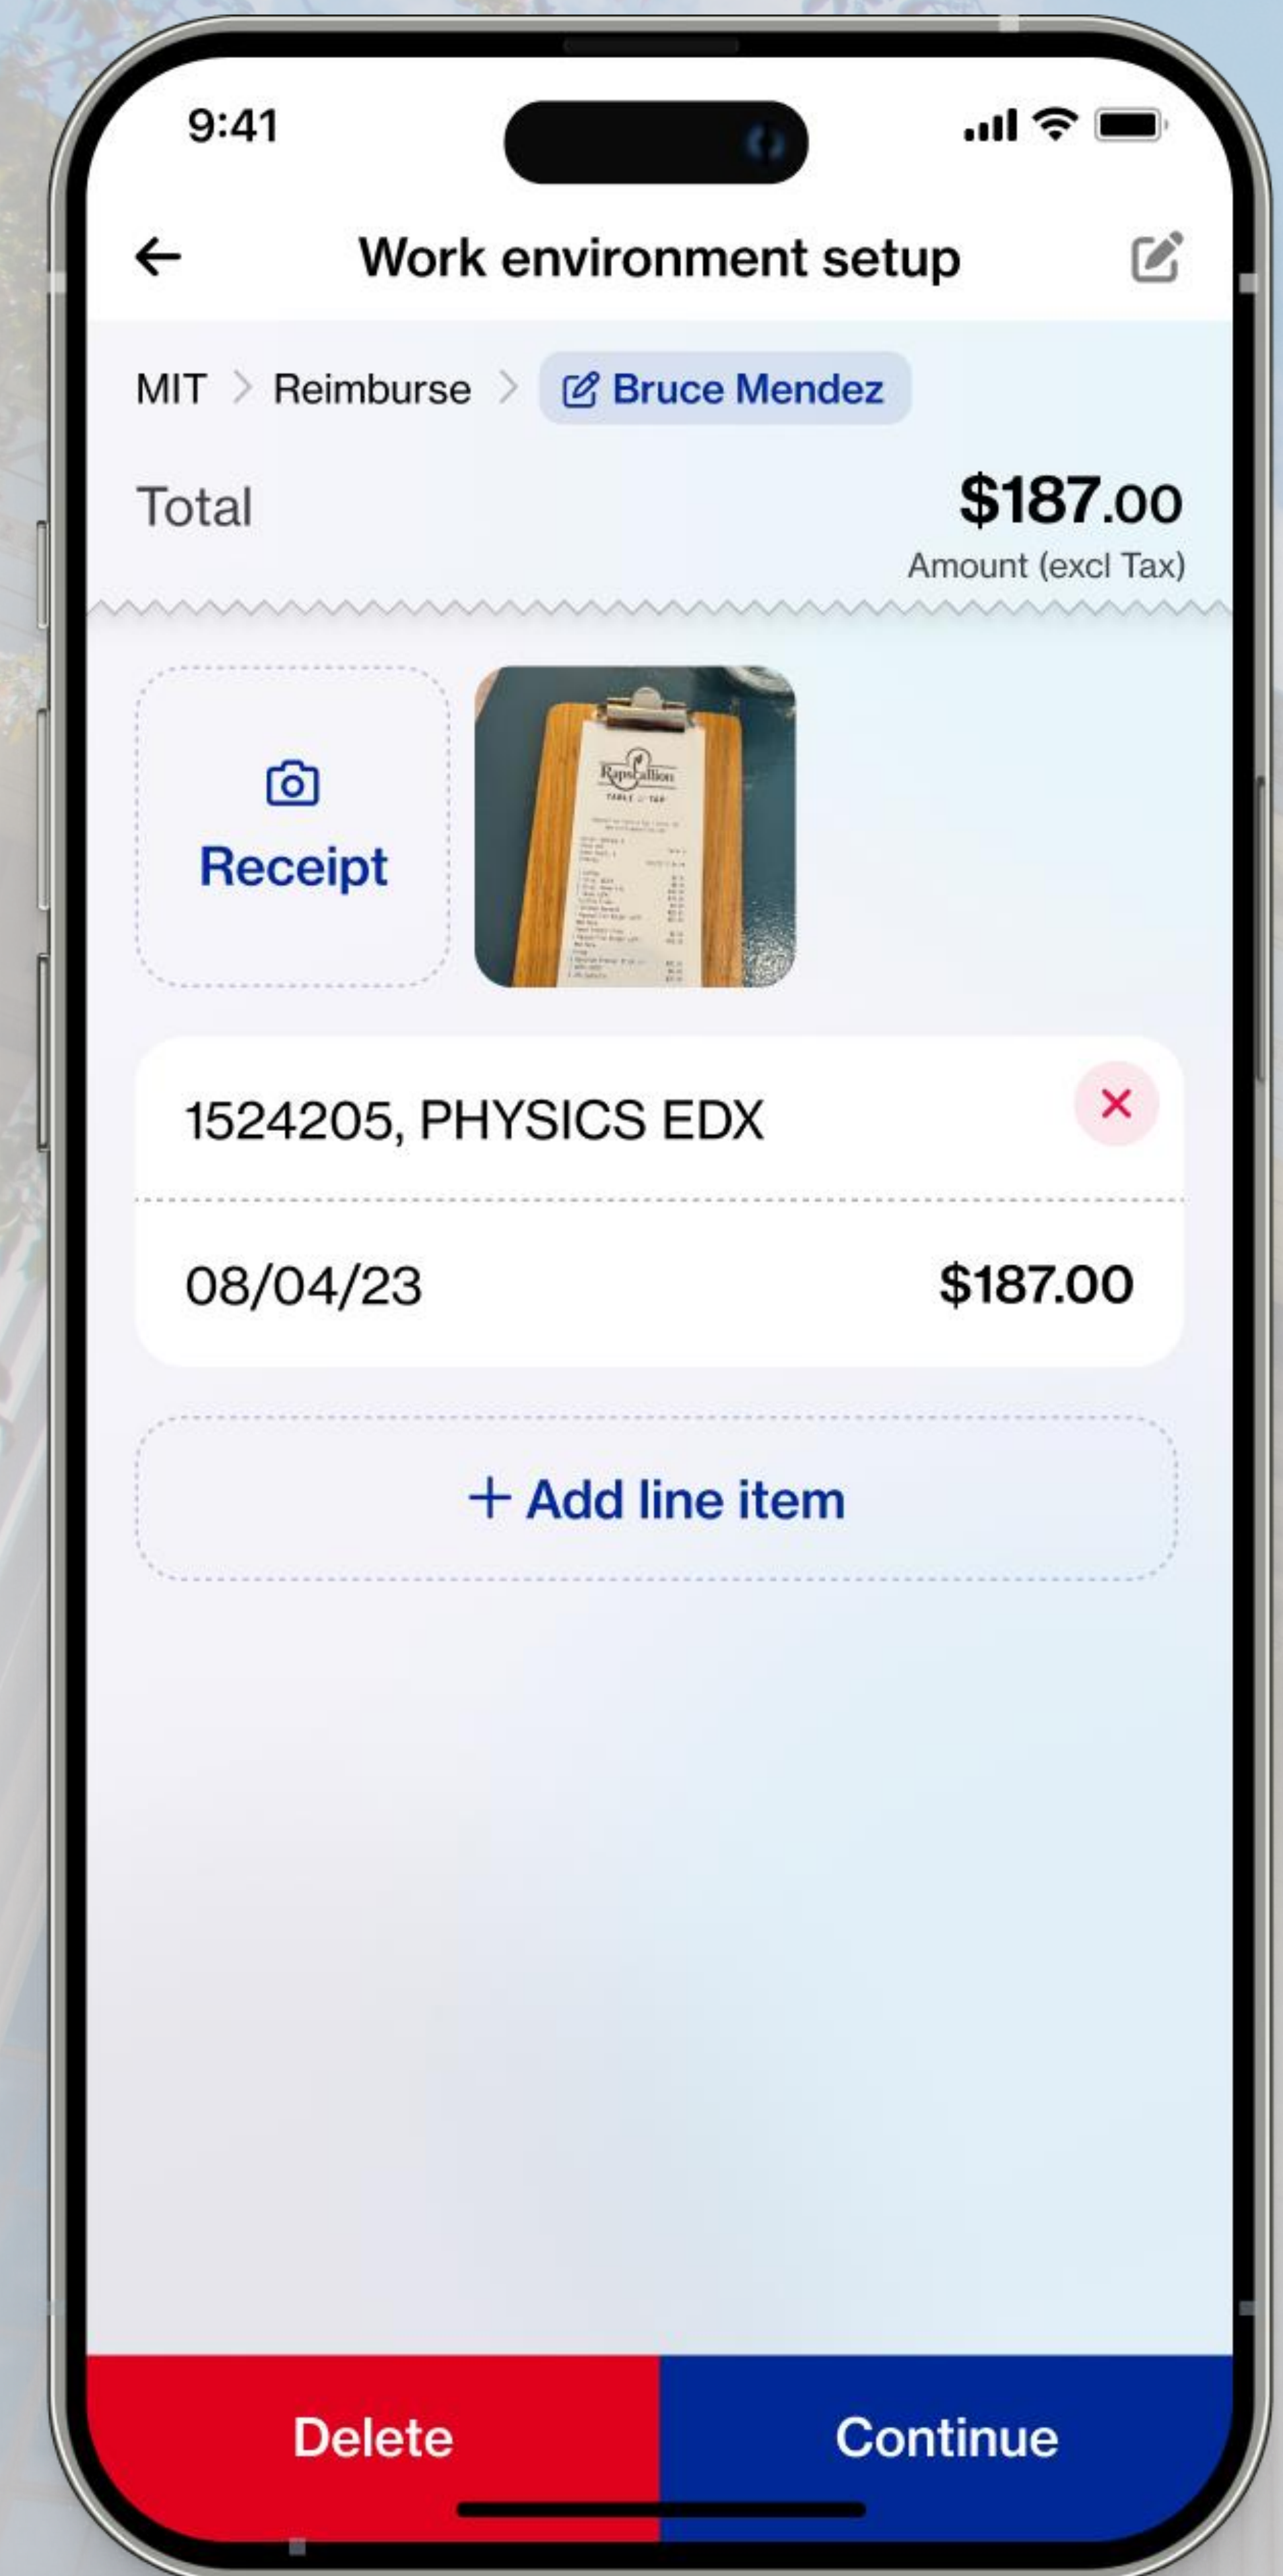

---

- Separate system from Atlas apps
- Payment made via paper check
- Lack of visibility into payment status
- Lack of security in “paper” RFP process

# How Does It Work?

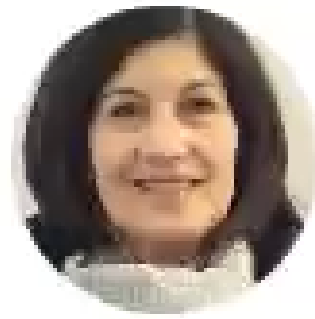

1. Access Atlas app via desktop or mobile
2. Snap picture of receipt
3. Assign cost object(s) and submit for approval

# Benefits

- **Security**
  - Reduces vulnerability to cyberattacks
- **Transparency**
  - More visibility into payment status
- **Efficiency**
  - Enables quick payment via direct deposit
- **Simplicity**
  - Unified user experience within Atlas and B2P
